Dear Lackawaxen River Conservancy,

We are pleased to support your efforts in seeking the Wild and Scenic River designation for the Lackawaxen River. We believe that the scenic beauty and unique character of the river make it a most worthy candidate for this recognition. We understand that this undertaking must first demonstrate local support for a study to determine the river's eligibility for this designation.

We fully support the study of the Lackawaxen River as a first step in securing the designation of Partnership Wild and Scenic River.

Sincerely,

Letters can also be emailed to info@lackawaxenriver.org.
